PART B - EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B3-Prospects and Outlook for the Current Financial Year

The successful listing of Wellspire has thus strengthened the Group's strategies and Management's commitment to be the preferred distribution partner for snack food products from other regions into the Thailand market. In addition, it has laid the foundation for the Group's future trajectory, and will serve as an important enabler for potential synergistic cross-country distribution of snack food products.

Towards this end, the Group intends to implement the following future plans:

a) As part of the Group's business strategies, the Group intends to acquire/ construct a warehouse and operating facility as a long-term investment to increase the Group's asset base instead of renting the distribution centre. The Group intends to allocate up to RM16.00 million of the IPO proceeds to be utilised within 18 months from its listing, to explore its options either to acquire the abovementioned existing distribution centre from the Promoters or to acquire a new warehouse and operational facility at another suitable location in Thailand.

As at the date of this interim report, the Company had engaged professionals to assess the options (i) to acquire the abovementioned existing distribution centre from the Promoters; or (ii) to acquire a new warehouse and operational facility at another suitable location in Thailand; or (iii) to acquire land and construct new warehouse and operational facility based on the Group's specifications.

b) As a distributor of consumer packaged snack foods to operators of large chain retail outlets, the Group will continue to expand its range of products to include other types of snack foods as the Group has market access to a large potential end-consumer base. In this respect, the Group plans to widen its existing range of third-party brands of consumer packaged snack foods.

On 23 March 2023, the Group has entered into a distribution agreement with HH International Enterprise Limited ("HH"), whereby the Group has been appointed as the exclusive distributor of "WEILONG" brand products by HH. The products supplied by HH are marketed, distributed and sold by the Group in Thailand. The Group has commenced distribution of WEILONG brand konjac and seasoned flour products, namely Weilong Big Hot stick (Latiao) and Weilong Konjac Shuang.

On 13 July 2023, the Group has entered into a distribution agreement with Cundo Food Co., Ltd ("CUNDO"), whereby the Group has been appointed as the exclusive distributor of "CUNDO" brand products by CUNDO. The products supplied by CUNDO will be marketed, distributed and sold by the Group in Malaysia, Singapore and Thailand. The Group has commenced distribution of CUNDO brand bakery and confectionery products, namely Cundo Cake (Milk Flavour), Cundo Cake (Chocolate Flavour and Cundo Cake (Strawberry Raspberry Flavour) in Thailand.

On 23 August 2023, the Group has entered into a strategic cooperation agreement with Khee San Food Industries Sdn. Bhd. ("KHEE SAN") with the intention to distribute, market and sell KHEE SAN products in Thailand. The Group and KHEE SAN shall within a period of six (6) months from the date of the aforesaid agreement negotiate in good faith and enter into one or more exclusive distribution agreements that shall set forth the specific commercial terms governing the distribution of the specific lines, classes or categories of the "KHEE SAN" brand products.

c) Part of the Group's plan is to enhance the features of its existing e-commerce platform operated by its subsidiary, Keymall Retail, to further complement its existing business model and to increase its online presence. The Group's existing e-commerce platform has basic features to showcase its product offerings on the website which does not have a payment gateway system, and is only available in Thai language. The group has further enhanced the e-commerce platform by adding an additional platform that is able to combine placement order made on our website and other e-commerce channels (such as Lazada and Shopee). The Group plans to implement the payment gateway to be functional by next 3 months. This will be funded through internally generated funds.

In addition to the above, the Group views that the demand for healthy snacks like sunflower seeds and nut products is expected to increase in Thailand as according to Statista, the revenue value of Thai snack food market has exceeded USD 1 billion in 2023, and is projected to witness a CAGR of 7.16% during the period of 2023-2028, growing from USD 1.07 billion in 2023, to over USD 1.54 billion by 2028. In relation to total population figures, the Thai market generated a revenue of US\$15.31 per person in 2023.

Based on the above, Wellspire remains positive of the Group's ability to continue achieving satisfactory financial performance in the future.
